

EasyLiner

“YOU RUN YOUR BUSINESS,
WE’LL SECURE IT !”

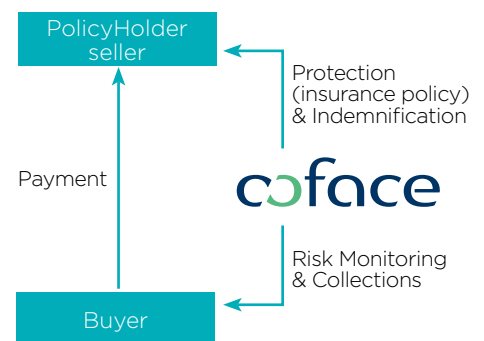

Designed for small and medium companies, EasyLiner protects you against unpaid invoices with a minimum of fuss, while keeping an eye on your budget, all within a few simple clicks.

All inclusive solution

To protect your business

EasyLiner is an insurance package designed to protect your business against unpaid invoices at home or abroad. The package includes three essential elements to ensure effective management of the credit you grant to your customers:

- **Information:** Coface analyses each of your buyers and helps you make the right credit decisions.
- **Collection of unpaid invoices:** The Coface international network of skilled debt collectors will use effective and appropriate techniques to collect any unpaid invoices, while endeavouring to preserve the quality of your relationships with your customer.
- **Indemnification:** Should collection take too long or fail, Coface indemnifies the loss you incurred from unpaid invoices.

To release time and resources for developing your business

Backed by EasyLiner

- You will be able to fine-tune and enhance your credit procedure, for domestic and export sales, and as a result, grow your business safely.
- You will no longer spend time and energy on collecting insured debts and your resources can be put to better use
- You will have access to new market opportunities, as you can be confident to expand your sales to new markets, and to new customers.

To access to better financing

EasyLiner helps to

- Enhance the quality of your balance sheet by protecting one of your largest assets from unforeseen loss
- Secure better borrowing terms
- Access to more working capital facilities from your financier by assigning the insurance policy to your financier as security.

Credit management becomes simple and straightforward

- You can subscribe to EasyLiner anytime, in a few minutes and clicks: your online quotation will immediately be available and you only have to send us back the signed contract
- Establishing your annual premium only requires a few elements of information: turnover, portfolio size, and activity sector.
- You know how much it will cost as the EasyLiner price is based on an annual "all-inclusive fixed price".
- Both domestic and export sales are insured under one policy. Should you decide to commence trading abroad, you are ready to do so, at no additional cost.
- Thanks to our online tool you can access all of our credit management tools, whenever you like.
