

Coface Business Information

INFORMATION IS KEY TO MAKING THE RIGHT DECISIONS

Reduce the risk of non-payment.

Be in control.

Understand the risk of trading with your customers – stay informed with Coface Business information.

Access our wide range of business reports and credit opinions through our online interface, Cofanet. Helping you trade confidently.

On what basis are you offering credit limits to your customers?

Benefit from a unique suite of services to know more about your customers

- **Exclusive value adding indicator** regarding late payments and claims obtained directly from our extensive payment records as a global credit insurer
- **Timely indicator of adverse information** to help guide your activity away from customers with poor credit rating
- **Experienced risk analysts** drawing on a range of information to provide thorough advice for your credit limits

	What is it?
Customised Credit Opinion	The recommended credit limit assessed by our credit risk experts
Full Report	Extensive business reports for deeper analysis

OUR EXTENSIVE NETWORK OF INFORMATION COVERS MORE THAN 200 COUNTRIES, PROVIDING INFORMATION ON 80 MILLION COMPANIES AROUND THE WORLD

Support your risk management with the expertise and experience of a global credit insurer.

Enhance your analysis with the opinion of our risk experts

Our **CUSTOMISED CREDIT OPINIONS** provide you with a recommended trade credit limit based on our analysis of your customers' business performance. Dependent on your specific business trading requirements or needs, simply request a credit assessment from one of our risk experts. With our monitoring services you will also receive notifications whenever there are downgrades in our risk assessment so that you can stay up-to-date.

...or dig deeper to get the full picture

Our **FULL REPORTS** provide comprehensive and extensive information allowing an in-depth analysis of the credit risk in order to assess potential customers and categorise clients. Reports can be accessed immediately online or a new investigation can be made depending on your business needs - capturing the latest business performance and information possible.

**DON'T LEAVE IT TO CHANCE.
PROTECT YOUR BUSINESS TODAY!**
